

Mother of 4, Shirley Riggs in Jail Again for Rescuing Her Children from Sexual Abusers

Shirley Riggs has refused to allow for her children to have court mandated unsupervised overnight stays with their father and grandfather, both substantiated to have sexually abused her oldest daughter. This nightmare began on April 24, 2007, when Jackson County Missouri 16th Circuit Court Judge Stephen Nixon took away Shirley's custodial rights by issuing a VOID custody order during a "Case Management Conference" and in violation of Missouri Statutes and the UCCJA laws. She and her children had not lived in Missouri for 3 years, were living in Oregon on this day, an open divorce case in New Mexico was pending, and she was not notified of this "conference" nor was she represented because her "legal aid" attorney hand delivered her "withdrawal

from the case notice" to Judge Nixon on this very day. Nixon did not find Shirley as an unfit parent and none of the Riggs asked for custody of the kids in a motion or affidavit. The "replacement" knew nothing, said nothing, and Nixon used this to give custody to the paternal grandparents (I believe "pre-arranged") who then came to Oregon and with Police and Oregon Department of Family Services assistance, "kidnapped" Shirley's children from her. She then came back to Missouri and took them back to Oregon because she did not accept the VOID custody order and she would not let the children be with the abusers. This resulted in being put in county jail for 6 months and "house arrest".

A DVD and paperwork substantiates the sexual abuse of her children. Father masturbates in front of children, has them watch XXX porn and has his oldest daughter touch his penis. Grandfather has repeatedly touched the same daughter sexually on her vagina. Yet, the Independence Missouri Police Department and Missouri Department of Family Services both ignored and failed to act upon this information. To divert attention from the "pedophile abusers", the "investigating MDFS organization" began it's "Parental Alienation Syndrome" (PAS) attack on Shirley using the lies of the husband (who also sexually abused Shirley). Nixon quoted PAS doctrine in court. Criminalizing of Shirley originated from the "quoted" unsubstantiated lies of husband Ray such as false filing of "missing persons reports", her being "bi-polar", "abductions of children" etc by and through the Independence Police Department starting with one of their own, Officer Onka with 2 others colluding. (I have the police reports) Onka worked "off duty" with her husband.

Other influential factors are that the sister and daughter of the abusers lived in the same home where the abuse took place and is a lawyer with the MDFS (investigating the sexual abuse agency) named Leslie Riggs. Another MDFS lawyer named Arla Witte, represented husband in divorce case. Also, the National Center for Missing and Exploited Children worked on behalf of the pedophile husband to try to get him FULL custody of the children. Yes, I have the documentation on this too! Her former lawyer Laura Mullins, was the one who called the IPD and told them Shirley's children were in danger in being with her because Shirley owed her money! This is why there was an Amber Alert and a Nancy Grace Show! Shirley's children have NEVER been in danger with her. She is not an abusive woman or mother, but the father and grandfather are DOCUMENTED to be!

Separated from her children for over 270 days with NO CONTACT allowed and now looking at another 6 months in jail or PRISON TIME and total loss of her children through "adoption" because she refused to let her children be exposed to the abusers, Shirley Riggs is in desperate need of help. I know the children are being told lies about her mother. Kelly her youngest son stated, that being apart from his mother was his "death sentence". Shirley now has a \$500,000.00 cash bond on her and is in solitary confinement. She needs an attorney. In fact, I need 5000 women and children here in Independence Missouri protesting outside Nixon's Jackson County Courthouse on any given appointed time if 5000 folks say they would be willing to do this through an email to me. A time can be set within a 30-40 day window.

Also, I am asking PLEASE...that each individual who is reading this and who is able and willing, to write, fax, or email a PROTEST to send it to the "COMMISSION ON RETIREMENT, REMOVAL, AND DISCIPLINE COMPLAINT ABOUT A MISSOURI JUDGE". The name of the judge is Stephen Nixon, 16th Circuit Court, Jackson County Missouri. If you are a "lawyer", I would ask you to download the "complaint form" and fill it out as pertaining to the VOID custody order, violation of Missouri Statues and the UCCJA laws. I have more info if needed. This judge needs to be replaced NOW and disciplined through this commission. Do this please for the sake of Shirley and her children.

This is the link containing the "Ethics violation and Commission Complaint Form" with address, form for print out, phone numbers and fax number.
